# "NOSTALGIA COLLECTION: BLENDING BOUNDARIES BETWEEN PAST AND CONTEMPORANEITY"

This first edition of Nostalgia collection unveils two pieces of furniture, both wall mounted and floor standing with ceramic basin, three mirrors and a bathtub. All elements are available in a palette of five cool-toned colours: Ice Green, Blue Gray, Blue, Dark Green and Light Gray.

## **The Collection**

A collection of bathtubs, bathroom furniture and mirrors with a retro flavor, blurring the subtle edges of contemporaneity through an unpredictable use of colours.

Marcante-Testa studio created an original bathroom project that recalls familiar objects and shapes, conveying reassuring sensations.

Nostalgia is designed to furnish countryside and city spaces that want to preserve the memory of their past through a traditional aesthetic made current by contemporary signs and details.

## **Console & Vanity**

Both pieces of furniture, wall mounted and floor standing, features a decorative side motif. The floorstanding cabinet has a front chest of drawers embellished by an ornamental frame that is also found on every side of the bathtub. The drawer opens up by an inner handle set into the frame, while the wall mounted cabinet features an open shelf. The furniture is lacquered MDF and the washbasin is made of glossy glazed ceramic.

## **An ageless gem of contemporary design**

Nostalgia collection is conceived to suit both rural & metropolitan living spaces. Dancing on the line between past and present, every detail is carefully thought to go beyond space and time turning each piece into an ageless gem of contemporary design.

# MARCANTE-TESTA

**"If certain interiors excite us, it is because they are examples of a possible choice between conflicting aspects of our character, of the legitimate aspiration to transform our worrying contradictions into something beautiful."**

---

Since 2014 Andrea Marcante and Adelaide Testa have created a new design reality, Marcante-Testa. A studio oriented on architecture and design, as well as on business consulting for materials and furnishings. The atmospheres proposed by Marcante-Testa aim

to elegantly remake the multiple values of living. Being serious and fun, authentic and refined, having deep roots and loving the world: in this way the duo combines independent lines according to strict rules in the composition.

## **The bathtub**

The enamelled steel tank is inside a rectangular structure featuring a chamfer at the base and a decorative frame on the sides. The shell, as well as the bathtub top, is made of lacquered marine plywood available in one or two colours among the shades of the collection. The top can also be made in various types of marble. Nostalgia bathtub can be installed as a centerpiece, to the wall or at a corner, either with a countertop, wall mounted or freestanding tapware.

## CONSOLES

- Ice Green / NCS S 2005 G20Y
- Blue Gray / NCS S 4010 B30G
- Blue / RAL 5007

"WE MAKE  
UNIQUE  
PRODUCTS FOR  
UNCONVENTIONAL  
BATHROOMS"

## About Ex.t

By exploring new languages, we pursue an idea of unconventional bathrooms featuring no ordinary products for those who are always looking for something different.

Brainchildren of partnerships with Italian and international design studios, our collections approach different styles with a contemporary twist along with a unique and original aesthetic. Modularity, versatility and functionality are the key features of Ex.t products, proposing the bathroom as a dynamic space able to transform and renew itself continuously, meeting the needs of contemporary living.

We love Tuscany and Florence, our homeland. That's why our production is 100% local: Ex.t products are made by artisan laboratories and manufactures dedicated to carry on the tradition of Made in Italy through an ongoing innovation process.

## Ex.t Production

---

Our production is 100% local, all Ex.t products are made in Tuscany. Each product is the result of an accurate multi-level process delivered with great commitment and passion by all our craftsmen.

Quality materials, attention to detail, traditional processes combined with technological innovation along with refinement and style: these are the features Made in Italy that make Ex.t products.
